DETAILED ACTION

1. This office action is in response to the Request for Corrected Filing Receipt field on December 05, 2007.
2. Claims 4, 6-17, 19-21, 26, 28-39, 41-43 and 50-63 are canceled. Claims 1-3, 5, 18, 22-25, 27, 40 and 44-49 are presented for examination for this office action.

Allowable Subject Matter

3. Claims 1-3, 5, 18, 22-25, 27, 40 and 44-49 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: 1, 23 and 45 identify distinct features for producing a shadow data store of a portion of the core data store within the development environment, modifying the shadow data store to produce a modified shadow data store, and generating a user view, for presentation to a user, from the modified shadow data store and the core data store, by combining content of the modified shadow data store with content of the core data store to produce a temporary image defining content available for propagation from the development environment to the production environment. The closest prior art, Tucker et al (U.S. Pub. No. 2004/0049598) disclosing replicating the production data store from a production environment to produce a core data store in a development environment, fails to suggest the claimed limitation as mentioned above in combination

with other claimed elements. The above features in conjunction with all other limitations of the dependent and independent claims 1-3, 5, 18, 22-25, 27, 40 and 44-49 are hereby allowed.
